

NEW GEAR 2023

THIS IS WHAT IT'S ALL ABOUT...

At Tackle Tactics, our passion is creating exceptional fishing products to help anglers all over Australia connect with the magic moments that make it worth the effort. Those days when it all comes together – the early starts, the time preparing gear, the endless hours on the water – and that fish you have been targeting is finally in your hands.

Developing new products is a long and arduous process, however when we see them help anglers fulfill their fishing ambitions, it's worth every second.

We're excited to release a huge range of new and exciting products for 2023, and can't wait to see anglers all over Australia and the world put them to use chasing their fishing dreams.

SIVA LIGHT SURF SPIN RODS **3XP** AVAILABLE OCT '23

The creation of a high performance surf spin rod was the aim, and Siva delivers. Based on light, responsive yet powerful Toray carbon blanks featuring 3XP technology for awesome sensitivity and tonnes of stopping power, the Siva range is aimed at anglers throwing slugs, lures or baits into the wash in search of tailor, mulloway, salmon, and other surf predators. A split butt design with full length wrap aids in reducing weight for more comfort over extended sessions. Topped with TT reel seats and Fuji guides with Fazlite rings, the Siva range are finished with a stunning modern aesthetic that stands out from the crowd.

Model	Action	Length	Sections	Line Rating
SIVS902MH	Medium Heavy	9'0"	2	6-10kg
SIVS1062MH	Medium Heavy	10'6"	2	6-10kg
SIVS1202MH	Medium Heavy	12'0"	2	6-10kg

BLACK ADDER BAITCAST 732XXH 12-25KG AVAILABLE OCT '23

ANIMAL! Rounding out the extreme end of the Black Adder family is the new 732XXH model. Created for anglers throwing XL swimbaits and other large lures, this beast has mountains of stopping power. Like all rods in the Black Adder range, the 732XXH is built on a tough Toray carbon blank, and finished with premium Fuji components.

Model	Action	Length	Sections	Line Rating
BAC732XXH	XX Heavy	7'3"	2 (Butt Join)	12-25kg

BAIT JIG R SABIKI ROD AVAILABLE OCT '23

A premium bait jigging rod, re-engineered to fit longer sabiki chains. The Bait Jig R also has a wide end opening, to accommodate larger sabiki hooks. Utilises a SeaGuide entry guide for smooth operation with either overhead or spin reels.

Model	Length	Sections
BJR772W	7'7"	2 (Butt Join)

QUAKE SOFT VIBES AVAILABLE SEP '23

Shake up your soft vibe presentation with the new Quake range from TT.

The result of our intense development process is a new generation of soft vibe. A unique profile features a sleek bait fish shape with a forked tail, realistic fins and shaped head section, plus oversize UV-reactive eyes that provide a solid strike target.

Inside is a stainless steel frame that delivers far more strength and stability than wire frames, with a holographic coated weight on all transparent options. On the outside, choose from a huge selection of unique and vibrant colour schemes, many having UV-reactive finishes. Quake soft vibes come ready to rock with premium 4X strong Japanese trebles.

Silver Red Dots	4708	4728	4748

A modern take on the classic inline spinner. The Spintrix family has our unique 'beetle' body shape, along with quality Mustad® trebles for durability.

Coming in a wide selection of colours and finishes, these new inline spinners are set to be a hit on a wide range of traditional spinner targets such as trout, redfin, bass, jungle perch and yellowbelly in the fresh, while also being a viable option on many saltwater species for anglers who are open to using a left-field presentation.

REACT X8 BRAID

An 8-carrier premium PE braid designed for high performance lure fishing, with zero stretch and a round profile for improved line lay and pinpoint accuracy in casting, with less tangles and wind knots. Using colour infused technology, the hi-vis green colour is long-lasting and resists fading, giving the angler great visibility and improved line management.

Made in Australia to suit our environment and unique species, React X8 Braid is available in 200m and 400m spools from 6lb-50lb. Tournament tested and trusted.

- » SMOOTH 8 CARRIER CONSTRUCTION
- » DESIGNED FOR LONGER CASTS

REACT FC FLUOROCARBON

React FC Fluorocarbon gives the angler the advantage, with excellent clarity, durability, and knot strength, along with extreme abrasion resistance. Made in Japan, this premium 100% fluorocarbon leader is supple but strong, with a low memory that makes it easy to handle. Designed to pair perfectly with TT React X8 Braid, React FC comes with a bonus line tamer for spool management and is available in 2lb-50lb breaking strains in 100m, 80m or 50m spools. Tournament tested and trusted.

JIGHEAD VALUE PACKS

The popular TT Jighead Value Packs range has been expanded and refined. For anglers just starting out chasing bream and other small estuary species, the Headhunter Breamin' Value Pack arms them with a great selection of weights and hook sizes. The Breamin' Pro Value pack takes it a step further, with a selection of Hidden Weight System and HeadlockZ Finesse jigheads chosen to cover a wide variety of conditions faced by bream anglers.

The HeadlockZ HD River & Estuary Value Pack has been a consistent top seller, and is now joined by a dedicated HeadlockZ HD Flathead Value Pack, that features a selection of jigheads to suit the most effective and popular soft plastics for chasing these estuary favourites.

An Inshore Reef Value pack takes care of anglers keen to hit the shallow inshore reefs and locations where snapper and other reef fish are the target.

For those chasing fish on topwater or deep amongst structure, the Weedless Value Pack has a selection of ChinlockZ and SnakelockZ jigheads, that can be mixed and matched to suit various situations and locations.

SALINA SPIN

Specifically designed for saltwater use, the Salina spin reel range features Okuma's rigid LITECAST™ magnesium construction, Dual Force carbon drag for extreme stopping power, dual anti-reverse, and our proprietary HDGII high-density gearing with a tough, corrosion resistant coating. Combine this with high-speed gear ratios and HP bearings throughout, and you have one of the best saltwater spin reels on the market.

MAKAIRA SEA LEVER DRAG BLACK

THE LEGENDARY MAKAIRA SEA POWERHOUSE LEVER DRAGS NOW COME IN A BROODING MATTE BLACK FINISH, ALONG WITH A I6 SERIES FOR SMALLER GAME FISH, AND THE MIGHTY I30II FOR ALL-OUT POWER TO TAKE ON THE BIGGEST, BADDEST FISH IN THE OCEAN.

Makaira SEa game reels are built using the same materials, standards and 4D system that have given the original gold Makaira a reputation as a world class game reel, but with lower gear ratios suited to fighting deep dwellers such as huge tuna and sharks. To back up this additional power, the 20 and 30 size also come fitted with MK-50 size power handle and knob.

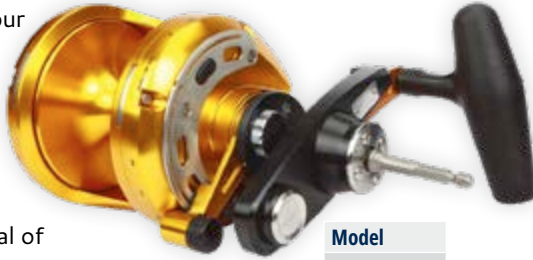

- » OPEN SPOOL BEARINGS WITH TSI-301 OIL (MK80WIISEA FEATURE GREASE-PACKED SPOOL BEARINGS)
- » ALL NON-SPOOL BEARINGS FEATURE FULL GREASE PACK FOR MAXIMUM LONGEVITY
- » BLACK TYPE-II ANODISING WITH YELLOWFIN TUNA ETCHED INTO THE SIDE PLATE
- » INCREASED CLEARANCE BETWEEN SPOOL AND CROSS BARS ON 50W AND 80W
- » MK-20/30 FEATURE MK-50 HANDLE ARM AND KNOBS
- » 1.3:1 LOWER GEAR RATIO IN 20/30 SIZES, 1.0:1 LOWER GEAR RATIO IN 50 SIZE

BARBARIAN PRO SPIN

FEATURING
UFR TECHNOLOGY

AVAILABLE OCT '23

Using the proven Barbarian range as a starting point, the Barbarian Pro range adds a host of functional upgrades to create a range of high performance bait fishing rods. Additional features include the use of premium SeaGuide stainless steel guides with zirconia inserts, ergonomic cut-out reel seats, and shaped low profile hard EVA grips that increase feel and bite detection.

Model	Action	Length	Sections	Line Rating
BNP-S-702NT	Light	7'0"	2	2-4kg
BNP-S-902NT	Med Light	9'0"	2	2-6kg
BNP-S-1002NT	Med Light	10'0"	2	2-6kg
BNP-S-1062NT	Med Light	10'6"	2	2-6kg

The proven blanks on the Barbarian Pro range have soft, forgiving actions, along with Okuma's UFR process that results in a highly sensitive tip, combined with plenty of low-end grunt to control surging fish.

KAIYO OVERHEAD TROLLING AVAILABLE NOV '23

Offshore powerhouse rods for targeting large, aggressive fish. Built on tough UFR blanks, the Kaiyo range are designed to deliver excellent outright power without sacrificing sensitivity. Equipped with heavy duty 304 stainless steel HD series guides, heavy duty reel seats and oversize shrink-wrap grips, and ABS gimbals, the Kaiyo series deliver confidence inspiring offshore strength and performance.

CEYMAR BAITCAST ROD & COMBO FEATURING UFR III TECHNOLOGY AVAILABLE NOV '23

Fiery looks and hot performance define the Ceymar baitcast rod. Developed to compliment the Ceymar 100-HA reel in both aesthetics and ability, this rod comes in a compact 5'6" that's ideal for fishing tight waterways land-based, from a boat or a kayak, or a longer 6'6" option to suit fishing land-based or larger bodies of water. The blank has excellent tip sensitivity to keep anglers in touch with their lure, while having plenty of power to control fish in tight situations.

Model	Action	Length	Sections	Line Rating	Casting Weight
CEY-C-561MH	Med Heavy	5'6"	1	4-8kg	10-30g
CEY-C-662MH	Med Heavy	6'6"	2	4-8kg	10-30g

Match the new Ceymar rods with the capable Ceymar 100-HA reel, to create a sweet handling baitcasting outfit that delivers excellent tip sensitivity from its composite blank to keep in touch with lures, along with plenty of outright stopping power to control hooked fish. This highly capable combination delivers great performance combined with stylish aesthetics.

Model	Rod Length	Sections	Reel Size
CEY-C-561MH-100	5'6"	1	100
CEY-C-662MH-100	6'6"	2	100

AZAKI X SPIN COMBO AVAILABLE OCT '23

A new option on the Azaki combo, with a striking blaze yellow and matte graphite colour scheme. The Azaki X range features the smooth, 2-bearing Azaki reel, matched up to lightweight, responsive composite blanks in a range of options to suit light - medium spin applications using lures or bait.

Model	Rod Length	Sections	Reel Size

HARD ARMOUR FC FLUOROCARBON

An addition to the Hard Armour family is a new premium Japanese-made fluorocarbon leader. With a focus on clarity and excellent abrasion resistance, Hard Armour FC is near invisible under water, suited to fishing in clear water conditions or when fish are particularly timid. With a fast sink rate, this fluorocarbon also suits situations when light lures need to be worked deeper.
